

## FOREWARD

It is with great pleasure that we present the proceedings of the eleventh Workshop on American Indigenous Languages (WAIL 2008). In continuing a tradition begun with the student discussion group on North American Indigenous Languages (NAIL), the evolving membership wishes to deeply thank Marianne Mithun and Wallace Chafe for their consistent encouragement and support. We hope that this volume of the Working Papers represents another step in the development of WAIL as a forum where we may all share our discoveries and contributions concerning the indigenous languages of the Americas.
